How to access GoDaddy cPanel

Version 1.0

Introduction

This document is about how to access the cPanel feature from the GoDaddy web hosting.

Navigation

The following is the screen captures from signing in GoDaddy to cPanel (the sequence of the screen flow may be different and depend on the landing page once login).
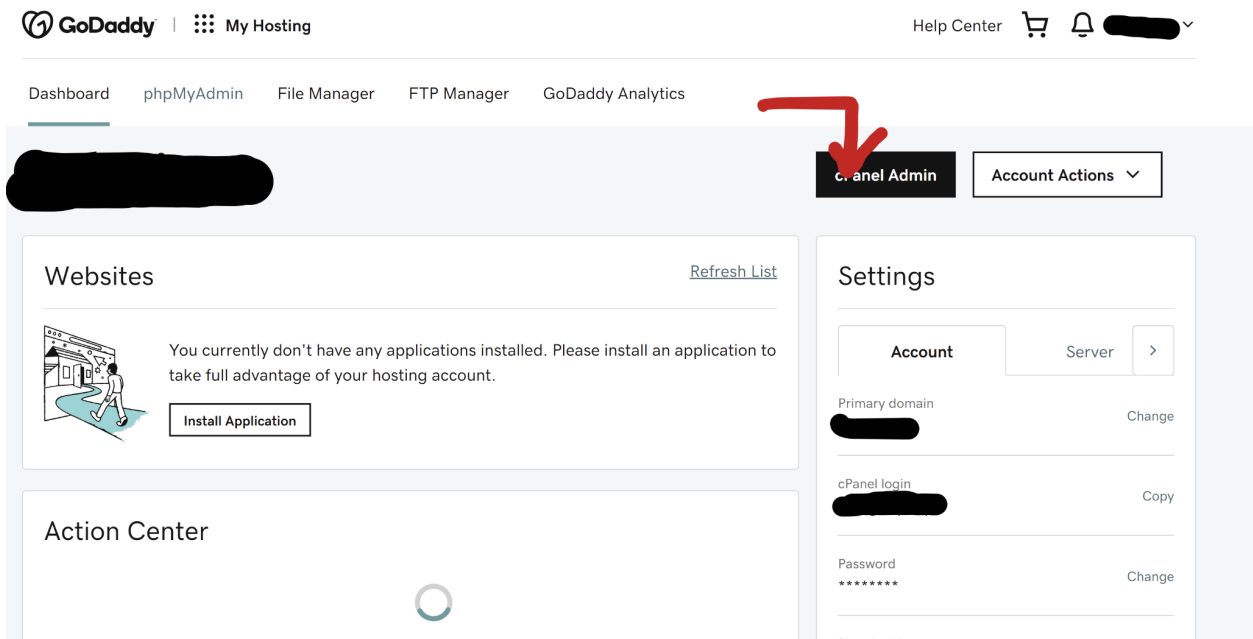

1. Sign in first:

2. Go to the Web Hosting section for the "manage" option:

3. Click "cPanel Admin":

4. The new window or tab will present cPanel:

Search (/)

LOGOUT

Find functions quickly by typing here.

WELCOME

✕
